

SIS.EUROPE 2021 – Surface Inspection Summit

April 27–28, 2021
Aachen, Germany

Manual for speakers: How to submit your abstract

It's quite simple:

1. Take a look at the **Call for Papers** at your leisure. <https://sis-world.com/program/call-for-papers.html>
2. Decide in which **category** your topic fits best. If it doesn't fit anywhere, just put it under "Other topic".
3. **Register as a speaker** without obligation and free of charge: <https://www.register-me.org/2.0/kc0086/authors/add>
4. **You will receive a personal access with link, user name and password.** Click on the link and log in.
5. A form will then appear in which you **can easily upload your abstract.**
6. Ready! 😊
7. You will then be informed whether the SIS Program Committee accepts your abstract and, if applicable, further Speakers Guidelines.
